The Salt Lake Tribune copied the Clipper's article in it's Sunday edition and by request published it the second time. If the Clipper has any knowledge of anything of this kind being done either with or without the consent of of the Church it is its duty to make the matter known to the officers of the law, just as it would be if it was cognizant of a case of larcency, burglary. murder or any other crime. We have a state law to punish adultery, and the man who knows of the commission of such a crime is not doing his duty to the state who fails to report the fact to the proper officers. But it often happens that the person, in possession of such knowledge does not like to inform on the lawbreaker lest he incurs his ill will or his vengance But this does not justify him in publishing a general accusation such as the one in question and throwing the responsibility of the erime on the community among which which the transgressor resides or upon the religious body to which he is alleged to belong The Clipper writer tacitly admits that the marriage or marriages could not be proved in court, though good feed. how he knows if he has not tried is not easy to understand; but he appears to assume that the church knows they exist, although he says that the church is not responsible for them if they are not performed in the "House of God;" and he does not say they were performed there. The whole matter seems to sort of "They say" affair. THE RECORD believes that the manifesto was issued in good faith, and it also believes that faith has not been broken, It also
